

Application No. 10/622,162
Amendment dated June 8, 2005
Reply to Office Action mailed March 8, 2005

Amendments to the Specification:

Please replace the paragraph at page 1, lines 3-4 with the following amended paragraph:

This application is a continuation of U.S. patent application Ser. No. 09/480,092, filed Jan.10, 2000, now U.S. Patent No. 6,609,761, which claims the benefit of provisional application No. 60/115,184, filed Jan. 8, 1999.
